

Announcement

Meeting of

ISO/IEC JTC1/SC22/WG5 - Fortran

Royal Roads Military College
Victoria, B. C.
Canada

July 27-31, 1992

The purpose of this meeting is to establish a management plan and procedures for future Fortran evolution, process the varying length character string module, process interpretations of Fortran 90, and begin a study of the requirements for future revisions. Additional information may be obtained from the Convenor of WG5:

Jeanne T. Martin
