# Announcement

## Meeting of

# ISO/IEC JTC1/SC22/WG5 - Fortran

## MAX-PESCHEL-HAUS
Berchtesgaden, Bavaria
Germany

## July 5-9, 1993

The purpose of this meeting is to establish mechanisms for the specification of requirements for future Fortran revisions, review suggested requirements and define the objectives for the next revision, respond to comments from the CD ballot of the varying length character string module and determine future processing, and monitor the maintenance of Fortran 90. Additional information may be obtained from the Convenor of WG5:

Jeanne T. Martin
L-300
Lawrence Livermore National Laboratory
Livermore, CA 94550
USA
