

Document Register N1184–N1198

(Where not otherwise indicated, papers are originated by the Convenor)

Note that the papers in this distribution are only being sent to those country representatives who have requested a printed copy. It is their responsibility to ensure that any other WG5 members in their country who require printed copies receive them.

The following papers are included in this (pre-Dresden) distribution:

1184	Response to X3J3's TR-C Liaison Report, X3J3/96-106R1 (Hennecke)	3
1185	Discussion of MAP_TO and BIND interoperability (Hennecke)	7
1186	High Performance Computing with Fortran 90; Qualifiers and Attributes (Zuern)	13
1187	Cleaner & Producer in Fortran 90 (Zuern)	27
1188	Class inheritance and dynamic binding polymorphism (AFNOR)	243
1189	Repository of Requirements: 1996-06-20 version (Reid)	39
1190	Disposition of Comments received in CD Ballot	132
1191	Fortran 95 DIS	136
1192	Proposed Part 3 of Fortran Standard (Levine)	137
