

ISO/IEC JTC1/SC22/WG5 N1319

To : WG5
From : ISO Varying Strings Subgroup
Subject : Changes to draft of 1539-2 : 1997(E)
Date : 11.06.98

The following modifications to the document were proposed:-

1. Add a section "Nature of changes" to explain the new features to support Fortran95.
2. Changes to the numbering of sections needed.
3. Change format of descriptions of functions to align with F95 style.
4. Alphabetically order the descriptions relative to function names in section 4.
5. Insert elemental before assignment and concatenation(page 5)
6. LEN, TRIM, REPEAT to be elemental.
7. VAR_STR should be elemental.
8. In section 7, INSERT, REPLACE, REMOVE, EXTRACT etc... should be elemental.
